

REGULATORY SPECIALIST

(2 Year Term Position)

Yellowknife, Northwest Territories

The Tłıchǵ People have strong, traditional ties to the land, water, and wildlife, so ensuring responsible use of land and water for the benefit of Tłıchǵ People is of paramount importance.

The Regulatory Specialist is responsible for coordinating submissions made to the Board, managing public reviews, conducting environmental impact assessments, liaising with government, industry, First Nations, and other stakeholders, managing various projects, and carrying out technical reviews.

If you have environmental and technical experience and are interested in joining a high-performing team in a fast-paced, progressive, and dynamic environment, we encourage you to apply.

The successful applicant will have a relevant degree and demonstrate the following competencies in their cover letter and resumé:

- strong technical writing ability
- strong written and oral communications skills
- project and time management skills
- cultural awareness
- an understanding of relevant environmental legislation

The starting salary for this position ranges from \$83,007 to \$89,324 per year plus a comprehensive benefits package that includes over \$10,000 per year in allowances. This is a two-year term position with a possibility of a further extension. Interested candidates are asked to submit their cover letter and resumé by **Sunday, January 19, 2020** to:
